

LIFE SCHOOL LANCASTER

From the Principal...

January ²⁶ 2012

I would like to thank all parents who attended our Founder's Coffee to say farewell to Dr. Wilson. If you are unaware, Dr. Wilson is the founder of Life School, and his vision beginning in 1993 is what has brought us all together today. After many years of service, Dr. Wilson will retire from Life School this summer. During the coffee, Dr. Wilson was presented with outstanding banners created by all of our students, and the fourth & fifth grade students snuck into the gym to surprise him with a loud standing ovation. It was an emotional time, and he will be missed. Thank you again to all who attended and to all students/staff who participated in making the event a success.

Mr. Parker

The Nurse's Station

Most sore throats are caused by a virus. Sometimes strep can cause a sore throat. Diagnosis of strep is important to prevent other complications. Signs and symptoms of strep may include fever, white patches in the back of throat, swollen lymph nodes, and feeling sicker than normal.
